□ **Third year 11-EIP-RO PITESTI01-bis**

Promoter/coordinator: University of Pitesti

Duration: 3 years

Actual stage: Finalised

Total value of the Contract: First year 40.587 Euros

Second year 21.600 Euro

Third year 21600 Euros

Summary:

Goal: The SSESD-IP aims to improve and complete the academic professional training of the graduates in International Relations/European Studies/Political Sciences specialisations/Business Administration/Law. More specifically, it aims to support the bachelor students (1st cycle) in acquiring the core technical skills and the intellectual competences necessary to operate, with a high degree of autonomy and responsibility, in the globalized and security environment and required for properly managing the potential situations and contexts afferent to their future profession.

Objectives:

- To improve the quality and to increase the volume of student and teaching staff mobility throughout Europe, so as to contribute to the achievement by 2012 of at least 3 million individual participants in student mobility under the Erasmus programme and its predecessor programmes (ERA-OpObj-1);
- To improve the quality and to increase the volume of multilateral cooperation between higher education institutions in Europe (ERA-OpObj-2);
- To facilitate the development of innovative practices in education and training at tertiary level, and their transfer, including from one participating country to others (ERA-OpObj-5);

Target groups: students and teaching staff

Main activities:

In order to reach the project's goals, the main activities to be performed are:

- a series of 6 teaching and training modules ((1) EU – institutionalization and reform; (2) Stability through security; (3) EU's policies and programmes; (4) Strategies within the economic European development; (5) The *acquis communautaire*: trends and development; (6) Globalization versus Europeanization within the business environment) which includes lectures and practical activities, debates, analyses and discussions.
- 1 seminar with invited experts in the fields of regional and national security, sustainable development, community law, EU policies and programmes.
- social and cultural activities (trips, visit to the Palace of Parliament in Bucharest).
- reporting upon the project.
- dissemination activities (posting info about the IP on the partners' website, press articles in local/regional mass media, designing and distributing brochures about the IP, displaying posters, organizing short information seminars with available info about the IP addressed to students and community that cannot attend the courses).

Outcomes:

The expected outputs are:

- the IP study Program itself;
- the educational plan;
- teaching materials (on-line, printed and on CD);
- overall project report;
- dissemination activities and products (special website of the IP, brochure, poster, press articles, short information seminars);
- collaboration protocol for future cooperation among partners.

As a result of this IP the students should be aware of the actual security environment, of the business opportunities and cultural differences in a global world. They will be able to use cross-cultural communication skills and intercultural competences to compete in a global labor market and will be able to adopt a permanent knowledge seeking culture in their field of activity.
